He favors the remodeling of the Judiciary system; considers the recent election by the people a reiterated condemnation of the act organizng Kansas and Nebrasks. He enters largey into the consideration of the pernicious influence arising from the extent and charscier of the foreign immigration.

After alluding to the large and increasing number now annually coming among us. the governor says, this large mass of aliens comes tincured with the social infidelity of continental Europe, very many of them blind followers of ecclesiastical despotisms; a large majority without any correct ideas of the duties appertaining to citizens of a republican Government, and by early prejudi-Journal

A PATRIOT AFTER HIS BOUNTY LAND .-The following is a copy of one of the two thousand letters applying for bounty lands under the law of the last session of Congress, which were received 3 enterday, at the done up by way of circumstantial proof of the applicant's service as claimed, is an old fashioned half butcher's knife and half-cut-

mountains of California are frequented by a species of Conder which, although some what interior it, size to the condor of the Andes, is probably the largest bird to be found within the confines of the Golden State. A full grown California Condor measures upward of thirteen feet from tip to tip of its wings, and when in its favorite element, the sir, is as graceful and majestic as any bird in the world. They make their homes upon the ledges of lofty rocks, or in the old deserted nests of hawks and eagles, upon the upper branches of lofty trees. Their eggs are each about twelve ounces in weight, and are said to be excellent eating. The barrels of the wing feathers of the condor are about four inches long and three-eights of an inch in diameter, and are used by the inhabitants of Northern Mexico to keep gold dust in.

WHAT IS DIRT?-The grain, meat, fruit you eat, are all dirt. The beautiful clean porcelain plate, upon which you place your food, was dug out of a clay bank last week. That bright seel blade with which you are Myriads of them worked away, year after now lifting the salt out of that crystal cup, if cup, reduced to powder and mixed with water, would change into the potato you are would you not be as useful as the little ges-for by her inimitable laws, we are but

wurld's destruction, as calculated by the Sec-So the little which one child can do may and Adventists. It was announced that last Thursday was the ultimate limit, but accorbe useful? - made the time just one menth too soon, so, that the worldly minded may as well cannot ral insect works so hard for others, ought rejuting at their supposed escape from the dreadful doom, which as now seuled by the figures, may not be realized till some time between this and the 19th of May.

The friends and opponents of the liquor

Mayor Wood has ordered the police to wear their uniform when off their duty as aful."- well as when on their beat. He mays any
